

## Potter County Courthouse

### Location

Amarillo, Texas

### Project Duration

2006 – current

### Cost of Construction

\$13.5 million

### Square Footage

58,273 square feet

### Scope of Services

Architectural  
Historic Preservation Services  
THCPP Participation

ARCHITEXAS is currently providing architectural services for the restoration and rehabilitation of the historic 1932 Potter County Courthouse. Modifications to the building will include interior restoration, integration of new MEP systems, installation of new fire alarm and fire sprinkler systems to meet life-safety requirements in the building, adaptations necessary to meet ADA requirements, and other work outlined in the Building and Program Analysis describing work approved and potentially funded by the Texas Historical Commission under the Texas Historic Courthouse Preservation Program (THCPP). Exterior building work will include extensive terra cotta repair, sidewalk and other site improvements, roof replacement, and stone paver repair. The work will be completed in accordance with the guidelines set forth by the THCPP.
